

VOC: MASTERCAM

#24212

This certificate provides a strong background in MasterCAM 2-D and 3-D, and SolidWorks software packages along with the necessary machine shop theory and practice to input sound functional data into the CAM system.

Program Learning Outcomes

- Students will be employed or seeking employment in the field or a related field.
- Students will be technically competent.
- Students will demonstrate the ability to create a toolpath for an industry representative part from a 2D print using CAM software.

Review Student Learning Outcomes (SLOs) (<http://www.mtsac.edu/instruction/outcomes/sloinfo.html>) for this program.

Required Courses

VOC MF11 Manufacturing Processes 1

VOC MF38 MasterCAM 1

VOC MF38B Advanced MasterCAM

VOC MF85 Manual CNC Operations
