

OWNERSHIP SERVICES TECHNICIAN

Certificate of Completion #43630

The Ownership Services Technician program introduces students to change in ownership policies as stated in the California Assessor Handbook, Section 401. Students will gain the fundamental knowledge of change in ownership topics such as forms of individual property ownership, life estates and estates for years, trusts, leases, and legal entities in a supportive learning environment that values a diverse group of students. Students will also be equipped with the career readiness and employability skills necessary for them to identify the required preparation and training needed for successful pathway completion. Students with 60+ community college units who successfully complete this program are eligible to apply for an Ownership Services Technician 1 position at the LACOA. Upon completion of this program, students will earn an Ownership Services Technician Certificate of Completion.

Program Learning Outcomes

- Students will be eligible to apply for an Ownership Services Technician 1 position within the LACOA.
- Students will be prepared with the necessary skills and concepts of Section 401, Change in Ownership, of the California Assessor Handbook.
- Students will be equipped with the employability skills that strengthen job performance, minimize errors, and promote collaboration with coworkers to work more effectively.
- Students will be able to begin a pathway from noncredit to employment as an Ownership Services Technician 1 or enrollment in Mt. SAC's credit-bearing programs.
