Program Learning Outcomes

Upon successful completion of this program, a student will be able to:

- Explain the role of the managerial accountant and describe the uses of managerial accounting information.
- Distinguish between product and period costs and explain which of these costs are shown on the balance sheet and which costs are shown on the income statement.
- Describe a job order cost accounting system and explain how manufacturing costs flow through the inventory accounts of the balance sheet and move onto the income statement.

Review Student Learning Outcomes (SLOs) (<http://www.mtsac.edu/instruction/outcomes/sloinfo.html>) for this program.
