

JUNIOR GAME DESIGNER - FOUNDATION (CERTIFICATE N0622)

Arts Division Certificate N0622

This multi-level certificate program offers skills needed to compete for a junior level creative career in the computer game industry or to transfer to other institutes for a more advanced study in the field. Students learn the core skills of designing games, planning, prototyping, creating art assets, scripting, integrating it all using standard game engines, testing, and other game development methodologies while also learning to work in close creative collaboration with fellow team members.
