

AUDIO ARTS LEVEL II (CERTIFICATE T0966)

Arts Division

Certificate T0966

The Audio Arts Certificate Level II provides students with conceptual, technical, and creative skills necessary for employment in audio-related positions in a variety of industries. These industries include, but are not limited to, music, film, TV, radio, animation, gaming, theater, event management, theme parks, commercial installations, and integrated systems. The program provides training in audio production, engineering, and business for recordings, live events, and multimedia.

Students who successfully complete the Certificate Level II will be able to:

1. Collaborate effectively in the development of high-quality audio productions.
2. Lead and manage complex audio productions.
3. Develop audio productions for a specified purpose in a variety of settings.
4. Analyze and critique audio productions in their historical and cultural context.
5. Analyze emerging technology and industry developments to make strategic decisions.
6. Operate advanced audio systems in recording, live, and multimedia settings.
7. Apply technical knowledge and skills to the development of high-quality audio productions.
8. Apply creative audio techniques to the development of effective audio productions.

While the audio job market is competitive and position placement is in no way guaranteed, successful graduates will gain competitive skills necessary for pursuing entry-level employment as a(n):

1. Producer or director
2. Studio, mix, or live sound engineer
3. Sound designer or arranger
4. Sound editor
5. Entertainer or performer
6. Audio and video equipment technician
7. Media and communication worker
8. Communication equipment operator
