

# BUSINESS TRANSFER PROGRAM OF STUDY

---

As a Business major, understanding your options is important. Mt. San Antonio College also offers an Associate in Science for Transfer (AS-T). The AS-T is designed for students who wish to graduate prior to transfer, and fulfills program requirements for CSU. The AS-T may not fulfill program requirements for UC. UC and CSU schools require the completion of 60 transferable units that include English 1A, a critical thinking course, and for CSU transfer an oral communication class.

***Working with a counselor is the best way to map out a transfer plan. We highly recommend that you make an appointment with a counselor to develop an education plan that meets your needs.***

The courses listed below are commonly required major preparation classes for this major at 4-year transfer institutions. This is not a degree, but a list of course options for transfer. **Required classes can vary**, please visit the assist website for specific CSU and UC major prep classes.
